COMER Y BEBER

San Sebastian is world famous for its gastronomy, especially for its artistic and delicious pintxos. The best way to experience the atmosphere of the Parte Vieja is to go on your own pintxo route, having a drink and a couple of pintxos in each place (most of them have one or two specialities). Generally, the best pintxos are the ones that are made on the spot, so don't forget to check the menu. Check out the pintxo map for our favourites.
